Report on the Forth High Level Dialogue of the United Nations.

Cabinet has approved the report by representatives of Samoa on the 4th High Level Dialogue of the United Nations General Assembly which was held in New York, USA, 23rd and 24th March 2010.

This meeting discussed ways to fund developments in member countries of the United Nations and also looked into models used by developed and developing countries. Small countries raised concerns at the meeting over issues brought up by developed Nations at the Consensus in Monterrey and the Declaration in Doha which was never practiced or followed by these Nations.

Samoa also presented a paper to inform the participated countries of various developments in the country and the effects of the Global Financial Crisis and last years Tsunami on its economy.

This meeting is part of preparations for the main Conference in September 2010, which will look into measures of the Millennium Development Goals that has so far been achieved.

Patients approved for treatment overseas

Cabinet has approved the referral of thirteen patients for intensive medical treatment overseas for the month of April 2010.

There are eight males and five females. Patients' ages vary from one year old up to eighty five years old.

Varying diseases affecting these patients include, Heart diseases, renal-stone, prostate problems, dialysis, arthritis, and suspected brain tumor. Most of these patients are undergoing treatment in New Zealand while one is being treated in Australia.

The Government of Samoa continues its policy of sending patients overseas for treatments if they cannot be treated in Samoa. All costs for these treatments are paid for by the Government of Samoa.
